album: Cheer Up!

I love this song. Classic rock all the way.
I didn't even try to figure out the solos, but I think improvisation
would work just fine for those.

I did figure out the rest of the song though:

E1 is a low E power chord (root note: open E string)
E2 is a high E power chord (root note: 7th fret, A string)

intro/verse/chorus:

p.m.

E1 E1 **E2** **D** **C#** | **D** **A** **G**
1 + 2 + 3 + 4 + | 1 + 2 + 3 + 4 + |

at the end of each verse strum an E1

Easy enough. I figured it out in 10 seconds, so it should be pretty
easy to learn.
