G C D C

Between the miles of open road
I lost sight of what might matter the most
I stumbled into the great unknown and found that time wont slow down

G

G D G F C G D

Im getting by with my collapsible lung and its a good time hundred percent of
the time
And Im like a ladder with a missing rung and its a slow climb headed back to the
sky and Im

Em7 D G Em7 C

Feeling backwards when Im trying the most and I hope I havent heard the last
words from
the holy ghost because I think that Im supposed to be well on my way by now

G

G D G F C G D

I do the twist with my replaceable hips and turn it right round and take it down
to the
ground and I, I wanna grow old with your retired limbs (?) and take it easy
HOLD C
Until we wither away
Until we wither away

G C D C

Between the miles of open road
I lost sight of what might matter the most
Stumbled into the great unknown and found that time cant slow down
To take a breath and then take it in
To think of places Ill go I havent been
To pour my heart into everything Ive found
Time wont slow down

Em7 D G

Im feeling backwards

And I hope

Havent heard the last words no no no

Em C

Cause Im thinking Im supposed to be well on my way eh hey

G C D C

Eh hey

Oo oo oo oo

To pull my heart into everything Ive found

Ooh oh

G C D C

Between the miles of open road

I lost sight of what might matter the most

I stumbled into the great unknown and found

HOLD C

That time wont slow down

G C D C

To take a breath and then take it in

To think of places Ill go I havent been.
