

**Dont Blink**  
**Relient K**

Don t Blink by Relient K

**G-G-Bm-C**  
**G-Em-Bm-C**

**G**  
Don t know where to go from here

My thoughts are tangled twisted fears

**Em**  
Been waitin a while now on the dawn  
**C**  
Seems like the sun may never come

**G**  
I made my way through the darkest night

To the break of day on the other side  
**Em**  
For some time the light s been creepin in  
**C**  
Now I m feeling like I could trust again

**D** **Em**  
You re the only person who reminds me

**G**  
Love is beautiful and true

**C**  
Life is beautiful and new

**D** **Em** **C**  
You re the only person who reminds me

**G** **Bm** **C**  
Hold on now don t you blink or it s gone

**D**  
I ve been terrified of life for way to long

**G** **Bm** **Em**  
Oh no now don t you blink or it s gone

**D** **C**  
In another life who knows what we d become?

**G-G-Bm-C**  
**G-Em-Bm-C**

**G**

Been making lists and crossing off

Every kiss that wasn't love

**Em**

And every word that stretched the truth

**C**

Like when she said she loved me
