

Forgiven
Relient K

Intro - Piano

D# **F#**
Oh yes, I know this tension that you speak of
G# **B** **D#**
We're in the palm of a hand making a fist
D# **F#**
It'd be best for one of us to speak up
G# **B** **D#**
But we prefer to pretend it does not exist

C# **B**
And you can't see past the blood on my hands
Bb
To see that you've been aptly damned
D#
To fail and fail again

D# **G#**
Cause we're all guilty of the same things
C **Bb**
We think the thoughts whether or not we see them through
D# **G#**
And I know that I have been forgiven
C **Bb**
And I just hope you can forgive me too

D#
So don't you dare blame me for
Prying open the door
F#
That's unleashed the bitterness
That's here in the midst of this
G# **B** **D#**
Sometimes we live for no one but ourselves
And what we've been striving for
Has turned into nothing more
F#
Than bodies limp on the floor
Victims of falling short
G# **B** **D#**
We kiss goodbye the cheek of our true love

C# **B**
And you can't see past the blood on my hands

Bb
To see that you've been aptly damned
D#
To fail and fail again

D# **G#**
Cause we're all guilty of the same things
C **Bb**
We think the thoughts whether or not we see them through
D# **G#**
And I know that I have been forgiven
C **Bb**
And I just hope you can forgive me too
