

If You Want It
Relient K

F **Am**
I can t keep a straight face and say this is not the end
Dm **Bb** **C** **F**
Not if you want it its upon us and I wanna say it s sinking in
F **Am**
If I was hasty maybe I was rushed along
Dm **Bb** **C** **F**
I won t move into little boxes and then not get the itch to move on

Gm **F** **C**
So think real slow
Gm **F** **C**
Don t forget that yes is yes and no is no
Gm **F** **C**
Melting prints of grass and snow
Gm **C** **F**
Means I may forget the way to get back home

F
Cause this is the end if you want it
F
This is the end

F **Am**
You re not the first thing in my life I ve loved and lost
Dm **Bb** **C** **F**
Yeah I ve thought worse things that I might be less inclined to merely just shrug off

Gm **F** **C**
You ll take me home
Gm **F** **C**
Like my family did my father did I know
Gm **F** **C**
You ll think real slow
Gm **C** **F**
But don t forget the speed that I can go away

F
Cause this is the end if you want it
F
Yeah, this is the end

F **Dm** **C** **Dm** **Bb**
I ve been convincing myself that I m worthwhile
Bb **C** **F**
Cause I m worth what I ll convince myself to be

Dm **C** **Dm** **Bb**
I ve been convincing myself that I m worthwhile
Bb **C** **F**
Cause I m worth what I ll convince myself to be

F **Am**
I met the devil and I stared her in the eyes
Dm **Bb** **C** **F**
Her hair had scales like silver serpents, I a statue, stood there mesmerized

F **Am**
I took the fire escape and made it out alive
Dm **Bb** **C** **F**
Yeah I still burn from time to time but I ve a healing hand against my side

Gm **F** **C**
Blisters on my feet I crawled back home
Gm **F** **C**
Frozen from the sleet burned sand and stones
Gm **F** **C**
Nourished back to life by life alone
Gm **C** **F**
With one shake of the mane regain the throne
