

**Life After Death And Taxes**

**Relient K**

Hey guys, well heres life after death and taxes. Sounds good on acoustic, but its my first tab so there s no guarantees on how accurate it is. Sorry about the chords not lining up to where they re supposed to be, but its not me its the site. Have fun.

**Bm** **D**  
Hey taxi, send me straight to the heart of it  
**G** **Asus2** **Bm**  
The nucleus of politics was somebody  
**D** **Asus2** **Bm**  
Somebody started it  
**Bm** **D** **G**  
Cause they taxed me with a scalpel piece by piece  
**Bm** **D** **Asus2**  
**G**  
they cut me deep and let me dry until there was nothing left to bleed

[PreChorus:]

**Bm**  
And this is how I choose to live  
**D**  
As if I m jumping off a cliff  
**G** **D**  
knowing that you ll save me  
**Asus2** **Bm** **Asus2**  
knowing that you ll save me  
**Bm**  
and after all the stupid things I did  
**D**  
there s nothing left that you d forgive  
**G** **D**  
because you already forgave me  
**Asus2** **Bm**  
yeah you already forgave me

**Bm**  
Keep driving  
**D**  
leave this deceit miles behind me  
**G** **Asus2** **D**  
so far back I d have to rack my mind  
**D**  
to just remind me

**Bm** **D**  
I keep trying to pick myself up

**D**  
and then move on

**G** **Asus2**  
and think about the life I ll have

**Bm** **G**  
when this fragile one is gone.

[Chorus]

**Bm** **D**  
Never forget

**G** **D** **Asus2**  
there s life after death and taxes

**Bm** **D**  
Forgiveness comes

**G** **D**  
and all of the rest

**Asus2** **Em**  
is what passes away

**Em** **A** **D** **A** **Bm**  
Death and decay can t touch us now

**G** **Asus2** **Bm**  
**Asus2**

Every breath that I inhale is followed by exhaling trust the one who never fails  
**Asus2**

I know you ll never failed me

Never forget  
there s life after death and taxes  
Forgiveness come (forgiveness come)  
and all of the rest  
it just passes away

Death and decay can t touch us now
