

**Must Have Done Something Right**  
**Relient K**

G D A  
We should get jerseys, cause we make a good team  
G D A  
But yours would look better than mine, cause you re out of my league  
G D  
And I know that it s so cliché, to tell you that everyday  
A  
I spend with you is the new best day of my life  
G D  
Everyone watching us, just turns away with disgust,  
A  
it s jealousy, they can see, that we got it goin on

Pre-Chorus

Em G  
And I m racking my brain for a new-improved way to let you  
D A  
know you re more to me than what I know how to say  
Em G  
Are you ok with the way this is going to be?  
D A  
Cause this is going to be the best thing we ve ever seen

Chorus

D A D A  
If anyone could make me a better person you could  
C G C G  
All I ve got to say is I must ve done something good  
D A D A  
You came around one day and you rearranged my life  
C G C G A  
All I ve got to say is I must ve done something right

Interlude

G D A

Verse 2

G D A  
Maybe I m just lucky, cause it s hard to believe  
G D A  
Believe that somebody like you, would end up with someone like me  
G D  
And I know that it s so cliché to talk about you this way  
A  
But I ll push all my inhibitions aside

**G**

**D**

So very obvious, to everyone watching us
