Primeira Parte:
```
C                             Dm
```
Yesterday was not quite what it could ve been
```
F                           C
```
As were most of all the days before
```
C                             Dm
```
But I swear today with every breath I m breathing in
```
F                               C
```
I ll be trying to make it so much more

Pré Refão:
```
        F                 G
```
Cause it seems I get so hung up on
```
    Am
```
The history of what s gone wrong
```
F                           C               G
```
That the hope of a new day is sometimes hard to see
```
        F             G
```
But I m finally catching on to it
```
      Am
```
Yeah the past is just a conduit
```
    F                         C               G
```
And the light there at the end is where I ll be

Refrão:
```
                    F     G
```
Cause I m on the up and up
```
          Am
```
I m on the up and up
```
              F
```
And I haven t given up
```
        G
```
Given up on what
```
    Am
```
I know I m capable of
```
                  F     G
```
Yeah I m on the up and up
```
              Am
```

```
Yeah there s nothing left to prove
C                            G/B
Cause I m just trying to be
      A          G          F
A better version of me For you

A better version of me For you

Segunda Parte:
    C                                 Dm
To be prosperous would not require much of me
        F                         C
You see, contentment is all that it entails
      C                               Dm
To be content with where I am, and getting where I need to be
   F                              C
And moving past the past where I have failed

Am
For you never cease to supply
F
Me with with what I need for a good life
C
So when I m down I ll hold my head up high
G
Cause you re the reason why, yeah you re why
```
