

E Bow The Letter
R.E.M.

This is my first tab! The other tab for this song is close, but it didn't quite sound right to me when I played it, so here is my version.

Intro:

G Em G Em G Em

C **G**
Look up, what do you see? All of you and all of me
Em **Bm**
Fluorescent and starry. Some of them, they surprise

C **G** **Em**
The bus ride, I went to write this, 4:00 a.m. this letter
C
Fields of poppies, little pearls
G **Em**
All the boys and all the girls sweet-toothed
Bm **C** **G**
Each and every one a little scary
Em
I said your name

C
I wore it like a badge of teenage film stars
G **Em**
Hash bars, cherry mash and tinfoil tiaras
Bm **C** **G**
Dreaming of Maria Callas
Em
Whoever she is

C
This fame thing, I don't get it
G
I wrap my hand in plastic to try to look through it
Em **Bm** **C** **G**
Maybelline eyes and girl-as-boy moves
Em
I can take you far

This star thing, I don't get it

Chorus:

D Em G
D Em Em
2:-3-3-2-----0:

3:-2-----2--2--:

4:-0-----4-----:

5:-----:

6:-----:

(Play this over and over through chorus)

I ll take you over, there

I ll take you over, there

Aluminum, tastes like fear

Adrenaline, it pulls us near

Then just repeat this whole pattern through the rest of the song! Hope you like my

tab! Please rate and comment!
