

The Sidewinder Sleeps Tonite
R.E.M.

#

From: Weasel (*)

CHORUS BIT:

D F D F G G C G Am D F D F G G C G Am C Em

G -----
D -0-4-0-4-5-5-----0-4-0-4-5-5-----
A -----3-2-0-----3-2-0--3-2-
E -----

I can make out this next bit sounds, if not exactly right, at least pretty close...

VERSE BIT:

F C F

G -----
D ----- etc.
A -----3-3-2-3--3-3-2-3-----
E -1-1-0-1--1-1-0-1-3-----0-1-1-0-1--1-1-0-1-

Where the verse goes to Am - C, play this in stead of the C riff above

Am C

G -----
D -----
A -1-1--0-1-3-3-
E -----

BRIDGE:

Bm Am Bm Am Bm Am C Em

G -----
D -----2-2- Not sure whether he plays D or A string
A -2-2-0-0-2-2-0-0-2-2-0-0-3-3----- for Em. Whicheckver it is, it s 2nd fret.
E -----

ENDING:

C Em D

G -----
D -----0-
A -3-3-2---
E -----

I think that s the lot. If there s anything I ve forgotten, let me know,
and, as I say, a lot of this is simply guesswork...
