

Dont Wait Too Long

Remedy Drive

Don't Wait Too Long, Remedy Drive

Timing = 4/4

Key = **F**

Intro = **C, C/Gm, Bb, F** 2x

NOTES VERY IMPORTANT!!!! = the C chord is the 3rd inversion, the Gm (part of the C/Gm) is the first version, the Bb is the 3rd inversion and the F is the 1st inversion. This allows the song to be played all in one spot on a keyboard. Not so sure about a guitar but I'm sure something could be worked out.

(Verse 1)

C C/Gm
Every thing is quiet here outside the sound,
Bb F
You bury you talent in the ground.
C C/Gm
Tired of always standing still waiting around,
Bb F
You feel so lost, just wanna be found.

(Music intro again only once)

C C/Gm
Everything is lonely your outside the song,
Bb F
You wait another year's gone.
C C/Gm
Yet another sun goes down but still it's wrong,
Bb F
You wanna make it right, not wait too long.

(Chorus)

C C/Gm Bb F
Yeah, don't wait too long, don't wait too long.
C C/Gm Bb F
Yeah, don't wait too long, don't wait too

(Verse 2)

C C/Gm
Can you see the fire it burns behind the skies?
Bb F
It's not enough to exist, but just survive.
C C/Gm
Can you see the fire inside the children's eyes?
Bb F
They're waiting for you to come alive.

(No music intro at all)

C **C/G**,
Everyone is waking up, but the brains are drawn,
Bb **F**
You can't recall what you're running from.
C **C/Gm**
Open up the shudders come on embrace the dawn,
Bb **F**
The race is on, so don't wait too long.

(2nd Chorus)

C **C/Gm** **Bb** **F**
Yeah, don't wait too long, don't wait too long.
C **C/Gm** **Bb** **F**
Yeah, don't wait too long, don't wait too long.
C **C/Gm** **Bb** **F**
To live, to love, to find a song to be part of,
C **C/Gm** **Bb** **F**
To forgive, to move on, don't wait too long, don't wait too long.

(Instrumental Solo === Dm for 16 measures, play the music intro 2x just like at the beginning)

(3rd Chorus)

C **C/Gm** **Bb** **F**
Yeah, don't wait too long, don't wait too long.
C **C/Gm** **Bb** **F**
Yeah, don't wait too long, don't wait too long.
C **C/Gm** **Bb** **F**
To live, to love, to find a song to be part of,
C **C/Gm** **Bb** **F**
To forgive, to move on, don't wait too long don't wait too long.
C **C/Gm** **Bb** **F**
Listen, and dance, and hold the hands of innocence,
C **C/Gm** **Bb** **F**
Trust you be long, don't wait to long don't wait too long.

(Instrumental Solo === Dm for 8 measures and that's the end of the song)

Added note ==== the measure for the instrumental solos are accurate!!!! To do the beat in your head (count to 4) 16 times, then 8 times. MAKE SURE TO THE RYTHME!!!!
