[Verse 1]

**Bm** **C#m**

Each day brings me closer home to you,

**Bm**

A place I long to see.

**A**

Horizons lost regained,

**B**

Always stay the same.

**D**

My mind never change for me,

**E**

Kalynda.

[Verse 2]

I need to feel the warmth of open skies,

To lay beneath the sun

And watch the love birds fly,

Clouds can fill my eyes.

But still I see you reach for me,

Kalynda.

[Chorus]

**D**

**E**

I have held you close to all the times

**C#m**

**F#m**

You've stayed inside my soul.

**D**

When I am half I think of you

**C#m**

And life becomes a whole.

**Bm**

Lazy shores are more to me,

**C#m**

Than shifting sand and sea.

**Bm**

You're my all, my refuge,

**A**

**E**

Where I must be

**D**

To rest in peace a while I hold

**E**

Kalynda.

[Verse 3]

Gentle wind that plays upon my face  
Caress the evening dream.  
And watch the twilight fade into waking scenes  
This I ll always share with you,  
Kalynda.

[Chorus]
