CHORUS

```

A5 F#5
You re living in America
E5(1) D5
At the end of the millennium

```

**A5**          **F#5**  
You re living in America  
                          **F5**                  **D5**  
Leave your conscience at the tone  
                          **A5**                  **F#5**  
And when you re living in America  
                          **E5(1)**  **D5**  
At the end of the millennium  
  (CHORUS-RIFF1 HERE)  
You re what you own

VERSE

**A5**                                  **G5**  
The filmmaker cannot see, And the songwriter cannot hear  
**A5**                                  **G5**  
Yet I see Mimi everywhere, Angel s voice is in my ear  
**C#5**                          **D5**                  **C#5**                                  **E5**  
Just tighten those shoulders, Just clench your jaw til you frown  
**C#5**                          **D5**                  **E5**  
Just don t let go, Or you may drown

CHORUS

**A5**          **F#5**  
You re living in America  
                          **E5(1)**  **D5**  
At the end of the millennium  
                          **A5**                  **F#5**  
You re living in America  
                          **F5**                  **D5**  
Where it s like the twilight zone  
                          **A5**                  **F#5**  
And when you re living in America  
                          **E5(1)**  **D5**  
At the end of the millennium  
  (CHORUS-RIFF1 HERE)  
You re what you own

BRIDGE

**D5**                                  **B5**  
So I own not a notion  
                  **A5**  
I escape an ape content  
**D5**                          **A5**                  **E5**  
I don t own emotion- I rent

**F#5**                  **A5**                  **D5**  
What was it about that night  
**F#5**                  **A5**                  **E5**  
Connection- In an isolating age  
**G#5**                          **B5**                          **C#5**

For once the shadows gave way to light

**G#5**                      **C#5**              **D#5**

For once I didn't disengage

**B5**                                      **C#5**

Angel- I hear you- I hear it

**D#5**

I see it- I see it my film!

**B5**                      **C#5**

Alexi-Mark, Call me a hypocrite

**D#5**

I need to finish my Own film

I quit!

CHORUS2

**A#5**              **G5**

Dying in America

**F5**      **D#5**

At the end of the millennium

**A#5**      **G5**

We're dying in America

**F#5**              **D#5**

To come into our own

**A#5**              **G5**

And when you're dying in America

**F5**              **D#5**

At the end of the millennium

(CHORUS-RIFF2 HERE)

You're not alone

**G#5**      **D#5**      **F5(2)**

I'm not alone

**G#5**      **D#5**      **F5(2)**

I'm not alone

Possibly the most appalling end to a song ever but up to then it's pretty good. Tab is perfect although the C#5 in the chorus sounds a little dissonant but it should be fine.
