

Selfish And Cold
Rev Theory

Tabbed by Jonathan Price

The tuning for this song is 1 1/2 steps down drop D (i think)
It s pretty straight forward, just listen to the song and you ll get the queues.
I tabbed the guitar in time w/ the lyrics, so it ll give you an idea of when to
play each part.

(verse 2)

the trust is dead in me
walls close higher all around
the cross i cannot bear
feels like pressure coming down
until now
the world was never jaded
yet i m left here on my own
to pick up the pieces

(repeat chorus)

this time it tears right through me
i face the pain
and im torn
this time i fall away
not far enough
not far enough

(repeat chorus)
