Emaj7

Im Doug, and Im Darrel

A

And we are squirrels

Emaj7

We live in your backyard in a big oak tree

A

thats our world.

Emaj7

We saw you and your family

Emaj7

filming us with your flip cam

A

Shaking our little tails

A

Eating crackers from your hand

Emaj7

We know we.re irresistible

Emaj7

Seemingly even kissable

A

Extremely home video-home-able

A

And effortlessly applaud-able

B

But what makes you think that gives you the right

B

to make us the internet means overnight

CHORUS

Ema j7

We didnt sign a release

A

You didnt get our consent

Ema j7

A

To put our private lives on the public internet

Ema j7

We didnt sign a release

[same as 1st verse]

You seem so surprised to find the we are upset

You wonder how in the world can squirrels talk

Much less have the internet

Well you have email

We have tree mail

You have smart phones

We have pine cones

You have social net works

We have elaborate squeaks and chirps

[chirps and squeaks sounds]

Ema j7 - Am every 4 beats

He just said you have no right to publish

and distribute audio or video recordings of us,

including and not limited to our names,

recording mating calls, photograph,

or likenesses or location, tell length

or any material or based upon or arrived there from.

Oh, yes or any forest in perpetuity.

B

If you dont cease and de-assist a suit will be filled

B

Especially if we end up in the next squirrels gone wild

Ema j7

We didnt sign a release

Am

You didnt get our consent

Ema j7

A

To put our private lives on the public internet

Ema j7

We didnt sign a release

A

You violated our trust

Ema j7

B

We dont want the world to see the secret place where we hide our nuts

Ema j7

We didnt sign a release
