

Fireflies

Rhett Miller

G **C** **G**
You... looked just like my mother
C **G**
Did when she was 19
G **D**
Not afraid to die
G **C** **G**
I... started planning our future
C **G**
You were just 19
D **G**
Still a firefly

You got... terrible vision
You shoulda seen I was leavin
When I first appeared
I... got bit by the footlights
I got caught in the headlights
in any place but here

C
Never say
D
You ll never leave
G **G/F#** **Em** **Em7**
Cuz you ll never know til you try
In a jar
fireflies
Only last for one night
Only last for one night

Trains roll... like gamblers in slow mo
Tryin to find good luck
When they couldn t find love

Oh yeah, and I m... gonna sleep on the train tracks
It s gonna be a peaceful night
Then it s gonna get rough

Never say
You ll never leave
Cuz you ll never know til you try
In a jar
fireflies
Only last for one night
Only last for one night

I must have had a reason for leavin

- Not one I could see

I must have had a reason for leavin

- Must have been me

- Must have been me...

You... looked just like my mother

Did when she was 19

Not afraid to die

For the last time... I m not your mother

And I was only 19

I m still a firefly
