The Believer

**G C/G**

Activity killed you

**G C/G**

When are you gonna find half of things that you knew in your body were wrong

**G C/G**

I wanted to be friends with you

**G**

Now I have come to find it was mistaken

**C/G**

In passion nobody was wrong

**Am C/G** (let ringâ€|)

And I believed you

**G C/G**

They sat down in London

**G C/G**

Had to be hard to be hard to keep hating yourself when these people are so well behaved

**G C/G**

You did time in Duncanville

**G C/G**

Part of you is living there still in a hole where the souls of the lost geared to save

**Am C/G** (let ringâ€|.)

And I believed you

RefrÃ£o ----- **Am G**

When you said happiness

**C/G**

Is all you wanted

**G Am**

You said this

**C/G**

Is all you wanted

**G Am**

How I miss

**C/G**

We almost made it

**D** (let ring)

Happiness -----

**G C/G**

All of your good friends

**G C/G**

All of the people like me keep a list of the things in this world that we trust

**G C/G**

You are here in after

**G C/G**

Referred to as someone who gave it a shot, gave it off, left the cruel world to us

**Am C/G**

And I believed you

Chorus

BRIDGE/ENDING:

(THIS IS BASICALLY G AND C9, MUTED, GETTING PROGRESSIVELY LOUDER, THEN STRUMMED UNTIL END)

**G**

You wonâ€™t get nervous

**C9**

You wonâ€™t come down

**G C9**

You wonâ€™t feel helpless

**G C9**

You wonâ€™t be around anymore (x7)

**G**

Anymore

**C9**

Anymore
