Richard Ashcroft - Glory

Chords:

Cadd9, Am, Fadd9, Gadd9, Fadd9 and **Gadd9**. Over and over again.

(It's glory, it s glory, it s glory)

Glory Hallelulah, I think I'm coming through yeah

Out of the black, out of the blue

Out of the old into the new

Come on pick me up

Through the night you know you fill my cup

Bring me light love, you bring me luck

Yeah it sure feels good

You bring me luck yeah, it sure feels good

(It's glory " hallelujah.....)

Now babe, don't get heavy with my soul

There's so much that I want you to know

I'm in Fellini's bar - I swear I couldn't get this lost

Oh now but my time has come

And this could be what I thought it should have been

You know you pick me up

Through the dark, you know you fill my cup

Bring me light, love, you bring me luck

Yeah it sure feels good

You bring me luck, yeah it sure feels good

(It's glory " hallelujah.....)

Glory Hallelujah, I think I'm coming through, yeah

Out of the black, out of the blue

Out of the old into the new

Come on pick me up

Through the night you know you fill my cup

Bring me light love, you bring me luck

Yeah it sure feels good

You bring me luck, yeah it sure feels good

(It's glory " hallelujah.....)

Yeah glory, glory

Yeah glory, glory

(It's glory " hallelujah.....)
