A Tramp Shining

**Amaj7**                      **Dmaj7**  
She s called me again  
                         **Bm7**              **Amaj7**  
And I ve taken all my old forgotten dreams out of the closet  
                         **Em**    **A7**  
To put them on I have found my crumbling crown  
**Dmaj7**    **F**    **Bbmaj7**  
Lying where I tossed it, I thought that I had lost it  
                         **Am7**      **Bbmaj7**  
But here I am, a tramp shining

She s called me again  
And I ve gathered all my old forgotten dreams like dusty diamonds  
To make a ring seated on my threadbare throne  
I should straighten my bent scepter and pretend I could have kept her  
And welcome her home, A Tramp Shining

A brand new clown, A brand new clown  
**Bbmaj7**              **Db**              **Bb**      **G**      **D**  
A brand new clown
