

Other Peoples Houses

Richard Orange

C **D**
I want to see inside other people s houses;
C **D**
It makes me warm inside.
C **D**
I get a thrill from other people s houses;
C **D**
I get no thrill from mine.
D
My house is lonely,
E
And it s full of memories
D **E**
I d just as soon forget.
D **E**
I d rather just keep walking through the night
D **Em**
Than have to sleep in there.

G **D** **Am** **G**
I d like to see inside other people s houses,
D **G** **C** **G** **D** **G**
I know it s wrong I can t help myself.
G **D** **Am** **G**
I like to look into other people s houses ,
D **Em**
And watch how they care,
D **Em** **F** **Em**
Although the love there, I cannot touch at least I can watch.

I d like to look into other people s houses
than to live in mine.
My house is crowded, loaded up with loneliness,
there s no more room inside.
People who live there, they don t know happiness,
somehow they ve missed it all;
no understanding, no sense of loving,
their tears drip down the wall.

break

My house is crowded filled up with nothingness,
there s no more room in there;
and it s so noisy shouting with unhappiness,
up and down the stair.
