

Other Peoples Houses

Richard Orange

B **C#**
I want to see inside other people s houses;
B **C#**
It makes me warm inside.
B **C#**
I get a thrill from other people s houses;
B **C#**
I get no thrill from mine.
C#
My house is lonely,
Eb
And it s full of memories
C# **Eb**
I d just as soon forget.
C# **Eb**
I d rather just keep walking through the night
C# **Ebm**
Than have to sleep in there.

F# **C#** **G#m** **F#**
I d like to see inside other people s houses,
C# **F#** **B** **F#** **C#** **F#**
I know it s wrong I can t help myself.
F# **C#** **G#m** **F#**
I like to look into other people s houses ,
C# **Ebm**
And watch how they care,
C# **Ebm** **E** **Ebm**
Although the love there, I cannot touch at least I can watch.

I d like to look into other people s houses
than to live in mine.
My house is crowded, loaded up with loneliness,
there s no more room inside.
People who live there, they don t know happiness,
somehow they ve missed it all;
no understanding, no sense of loving,
their tears drip down the wall.

break

My house is crowded filled up with nothingness,
there s no more room in there;
and it s so noisy shouting with unhappiness,
up and down the stair.
