

Sleep in the rain, sleep in the snow
 When the beds are all taken, you ve got nowhere to go

I can see me now, back there on the dance-floor
 With a blond on me arm, red head to spare
 spit on me shoes and shine in me hair
 And there s Al Bowlly, up on the stand
 That was a voice, and that was a band
 Al Bowlly s in Heaven, and I m in limbo now

Guitar solo
