It was cruel of you to stand
At my door and take my hand
  C C/E
Like a drowning man I clung to my defenses
And ten years is a time
but your looks, love, it s a crime
                   C/E
                             F/A
                                      C/G
And I lost myself in the tangle of your fences
F
And I never was to know
     C C/E F
That I d come to miss you so
  C/G Dm/F
But time winds down
   C/G F
And I turned my back long ago
              C/G

Lord knows I still dream
```

On the killing floor I stand

With a stun-gun in my hand
Like a cowboy shooting bad men on the range
And nothing satisfies
And the soul inside me dies
As I duck each punch and never risk the change

And now you look at me
With that same old used-to-be
But time winds down
And I turned my back long ago

But I still dream
Darling I still dream

And now you look at me
With that same old used-to-be
But time winds down
And I turned my back long ago

But I still dream
Oh darling I still dream
I still dream
Lord knows I still dream
I still dream
Darling I still dream
