Needle And Thread
Richard Thompson

Needle and Thread

D7
I see young girls with old faces
     G   **D7**
I see good girls in bad places
I see plain girls in finery
   G   **D7**
And every one be the death of me

Chorus:
D7
Needle and thread, needle and thread
Hand me down my needle and thread
A   **G**   **D7** **A**   **G**   **D7**
Hey, Hey, Hey, Hey, Hey, Hey
F   **C**
Going to thread up my needle and then
     G   **D7**
Gonna sew my soul back together again

Am G Am G D7 (3X)

Now pretty Caitlin she went too far
Shaking all she had at the topless bar
Right in the face of Ben and Bob
Put a little too much into the job

Chorus

Now sweet Myfanwy she took a shine
Dumped me for Dai worked down the mine
I was a temp, Dai was a keeper
He knew how to dig that little bit deeper

Chorus

Now Bonnie Jean meant everything
But she threw back my hard-earned ring
Said she had other men who dig her
She was holding out for something bigger

Chorus
