## Put It There Pal Richard Thompson

Old friend, it s been so long, and it s been so real And if I helped you once it was no big deal Too bad I can t be there when they call your name Am They re going to write you down in the hall of fame Am You really got what you wanted, I m thrilled as pie It really couldn t happen to a nicer guy Am Em Am Em Put it there pal, put it there G/Gb Em Now and then just throw me a crumb Am Em Put it there pal, put it there G/Gb Thanks for the help when I needed it, chum You saw me drowning, you said I was a fake and laughed Am9/G# Then you jumped right in and used me for a raft Αm  $\mathbf{Em}$ You shot me down with friendly fire Em Am Em You were all dressed up to play Gun For Hire Εm Αm The rope you threw me was made of barbed wire D But put it there pal, put it there, pal Put it there G I know you mean well, call me a sentimental fool I know sometimes you ve got to be kind to be cruel When you pat me on the back, that was quite some slap That kind of compliment, it could kill a chap Am
