

## Holiday

Richard Wright

[Intro] Fm Gb D A E Gbm B Bm Gb C# Gb C# Ab

Fm Gb  
It was meant to be a holiday  
D  
Building castles by the sea  
A E  
Another way to live for you and me  
Gbm B Bm  
Time to pause, consider what we've done  
Gb C#  
The wind is blowing, so come,  
Gb C#  
Let's take a holiday

Fm Gb  
How was I to know quite so soon  
D  
That dreams can turn a life, around it seems  
A E  
There is no single way to live our days  
Gbm B Bm  
Between these lines I know you see a man  
Gb C#  
Who's not quite sure who he is  
Gb C#  
Or where he stands

Gb B C#  
Sail on  
Gb B C#  
Sail on, across the sea  
Gb B C#  
Ride the waves, feel the breeze  
Gb B C#  
Sail on  
Gb B C#  
There's no other way I'd rather be  
Gb C# Ab

Ebm Bb  
Destiny, reality are just a dream  
Ebm Bbm  
Raise the sails, the wind is free  
Ab Eb  
Every day I become more confused  
C# Ab

Which way to go, how to choose

( Fm Gb D A E Gbm B Bm Gb C# Gb C# Ab )

Fm Gb

Back at home, what holds me here

D

Shut in not moving, only half a life

Clouds hang heavy, they leave me cold

It doesn't have to be this way
