Intro " F | Am | C | G | x2

**F** **Am**  
I got your picture on my phone  
**C** **G**  
Your voice in my head  
**F** **Am**  
Iâ€™m lying here alone  
**C** **G**  
Restless in some faraway bed  
**F** **Am**  
The stars will falling down  
**C** **G**  
And Iâ€™m half a world away  
**F** **Am**  
Iâ€™m just trying to close the distance  
**C** **G**  
To feel each breath you take

Chorus:

**F**  
When the bridge is burning  
**Am**  
And Iâ€™m losing my faith  
**C** **F**  
And Iâ€™m trying to find my way towards the truth  
**F**  
Like a wild arrow flying  
**Am**  
And Iâ€™m blindly running  
**C** **F**  
From everything I thought I knew  
**F** **G**  
And every road leads home to you,  
**F**  
Home to you  
**Am** **C** **G**
