

**Taking A Chance On The Wind**

**Richie Sambora**

**A** **F#m**  
Lately it s been raining but today s my lucky day  
**G** **D**  
The faith in my pocket is the only thing that didn t get washed away  
**A** **F#m**  
If I was making confessions well this is where I d start  
**G** **D** **G** **D**  
Every heart is a blessing and a knock down was a spark  
**A** **G** **D** **E**  
Every knock down was a spark, yes it is

(Ref:)

**D**  
I m tearing out all my troubles  
**A**  
Set on fire all my sins  
**G** **F#m**  
Another day is done and I m moving along again  
**D**  
I m doubling down on freedom  
**A**  
Everything I believe in  
**G** **F#M**  
I m raising my flag and taking a chance on the wind  
**A** **G** **D**  
Yeah! Raising my flag and taking a chance on the wind

If time taught me a lesson is don t dwell on the past  
Cause the bad things fade and the good things  
The good things are built to last  
When love comes easy like a fairy tale make believe  
When you re banned all and you re ready to fall  
There is only one remedy  
Only one remedy, yes it is

(Ref:)

I m tearing out all my troubles  
Set on fire all my sins  
Another day is done and I m moving along again  
I m doubling down on freedom  
Everything I believe in  
I m raising my flag and taking a chance on the wind  
Yeah! Raising my flag and taking a chance on the wind  
**F#m** **A**  
On the fault lines, time keeps on burning  
**F#m** **A**  
It s a long time and you keep on loving

**F#m**            **G**

Yeah, yeah, yeah, yeah!
