[Intro]
   F
         C G
[Verse 1]
Am
 I don t know if I can make it
                C
But I m gonna try, I m gonna try
Αm
I don t know if I can make it
But just watch me try, watch me try
[Pre-Chorus]
When it feels like all my chances
End in empty sighs
I remember that the only thing
That I can lose is pride
[Chorus]
You know I got to try
Even though my heart is on the line
Even if I {\tt m} broken on the inside
        Am
There s nothing I won t do to make it right
You know, you know I got to try.
[Verse 2]
All I know is nothing certain
So I m gonna try, I m gonna try
It s only myself that I m hurting
If I don t try, if I don t try
```

```
[Pre-Chorus]
When it feels like all my hopes and dreams
Are shattered into dust
I remember that the only thing
I have to do is trust
[Chorus]
You know I got to try
Even though my heart is on the line
Even if I m broken on the inside
        Am
There s nothing I won t do to make it right
You know, you know I got to try.
C
Even if I m stopped to every turn
Even if I lose and crash and burn
I won t quit until your love I ve earned
You know, you know I got to try
[Bridge]
Don t need anyone to tell us this is golden
                           Am
I can see that there are diamonds in your eyes tonight
Don t need anyone to tell us to be open
We ll open up, we ll open up our wings and fly
[Chorus]
Even though our hearts are on the line
Even if we re broken on the inside
There s nothing we won t do to win this fight
You know, you know we got to try.
