With my face against the glass I call your name as you walk past
C **G7** **C** **G**
You look, but you see yourself
C **G7** **C** **F**
I ll give you all the things I ve got I know it s late, I know it s hot
C **G7** **C** **G**
But don t you hang up, and don t you tell lies.

F **C**
Don t you know you re blowing away?
F **C** **G7**
Don t you go before you remember me

C **G7** **C** **F**
In a border town near Mexico I took your ring long ago
C **G7** **C** **G**
Now the storm clouds have filled your sweet eyes
C **G7** **C** **F**
And there s a storm that won t abide It s torn everything inside
C **G7** **C** **G**
Of the sweet heart that once was my home.

F **C**
Don t you know you re blowing away?
F **C** **G7**
Don t you go before you remember me
F **C**
Don t you know you re blowing away?
F **C** **G7**
Don t you go before you remember me

(Slowly)

C **G7** **C** **F**
Darling, this storm will pass away
C **G7** **C**
I pray for you every day
