

Am **G** **D**
 Never thought of in my life before
Am **G** **D**
 But if I met a guy from Tonga then we stop and we speak
Am **G** **D**
 In fluent Tongalese on equality street, yep
Am **G** **D**
 Acceptance, see that Kenyan guy with mental eyes
Am **G** **D**
 He might be totally normal you can't generalise
Am **G** **D** **Am**
 Black people aren't crazy fat people aren't lazy
G **D**
 And dwarves aren't babies
Am **G** **D**
 You can't just pick 'em up they got rights
Am **G** **D**
 And anyway don't assume you could they're not light
Am **G** **D**
 I learnt the hard way, don't give a damn
Am **G** **D**
 If you're Russian or you're Spanish we're comrades, compadres
Am **G** **D**
 You could be a half gay woman with a dark face
Am **G** **D**
 One leg, no legs, long as you got a heart, hey
Am **G** **D**
 Transgender, gay, straight, lesbians
Am **G** **D**
 Whatever whoever hey mate let's be friends
Am **G** **D** **Am**
 But just friends want you to be where you're properly free
G **D**
 Obviously yes equality street believe
Am
 You know the deal
G **D**
 That everything is real fair
Am **G** **D**
 Take a ride on my equal opportunity wheelchair, yeah

Chorus:

Am **G** **D**
 Come with me down equality street
Am **G** **D**
 You never know the people you meet
Am **G** **D**
 At the end of the street is a golden gate
Am **G** **D**
 It let in love it don't let in hate, no
Am **G** **D**
 Equality street
Am **G** **D**

Equality street

Am G D

Equality street

Am G D **Am**
