Come to me Ricky Martin

This is not the way I wanted things to be I hope someday youll understand My heart beats stronger when I know Im close to you Its helped me be a better man Α Why most all of the love come falling Why dont we just take a chance I could walk this road again with you my love... Chorus: Why cant you come to me Dont save your love for some elusive dream Why cant you find your way Ill fall for you no matter where it leads This is not the way we started you and I How was it that I lost my way Two souls can drift apart without a word Or are those the words I did not say Why most all of the dreams come falling Why dont we just take a chance I could walk this road again with you my love...

Chorus

D A
I could walk this road again with you my love...
