Verse 2: [Dm9 - E - Am9]

I look inside the small cafes
And hope by chance I'll see your face
I hear your voice and realize it's just the summer wind
Something in your eyes that night swept away this heart of mine
Now I just want you in my arms again

Bridge:

E **F#sus4** **Bsus2**
How was I to know in that one night my whole life would change
 E **Eb** **G#m9**
From the moment I looked in your eyes I've never been the same
 E **Eb** **G#m9** **G#m/G**
And if I could have one chance to have that moment back again
 C#m7 **E** **F#sus4** [**C#m9** - **Eb** - **G#m9**]
I'd never let it end, I'd never let it end
