

Starlight Motel
Ride

This is the first song I ve figured out. It s a great song -Dave

C F C F
C F D7
Follow me down to the Starlight Motel
Am C G
While everyoneâ€™s sleeping tonight
C F D7
Donâ€™t be afraid, I know whatâ€™s on your mind
Am C G
Iâ€™m gonna make it alright

F C F G
Well, I know itâ€™s cold and I know itâ€™s late
F C F G
But our life is short, darling, I canâ€™t wait

C F D7
Follow my footsteps and silently step
Am C G
Out to the road in the moonlight
C F D7
The stars in the sky are all laid out for us
Am C G
Theyâ€™ll watch over our love tonight

F C F G
Well, I know itâ€™s cold and I know itâ€™s late
F C F G
But our life is short, darling, I canâ€™t wait
F C
Wonâ€™t you join me for this dance
F G
It may be our only chance
F C G C F C F
Baby, donâ€™t say no tonight

C F D7
Thereâ€™s times I believe that weâ€™ll never return
Am C G
But the moon always has to start falling
C F D7
Blankets protect you from the cold before dawn
Am C G
But they canâ€™t protect you from the morning

Well, I know it's cold and I know it's late

But our life is short, darling, I can't wait

Won't you join me for this dance

It may be our only chance

Baby, don't say no tonight
