

**Cutting Off The Blood To Ten  
Right Away, Great Captain!**

Standard

**D** |xx0232  
**A** |X02220  
**G** |320032  
**Bm** |224432

**D A G**  
Well I didn t think that it would end like this

**A G**  
Cutting of the blood to ten

**A Bm**  
With a rope around my wrist

**D A G**  
But I think that every one imagines why

**A G**  
And where it is they re gonna die

**A Bm**  
And when it happens do we fly?

**G D A**  
And I wished I could ve told my son

**Bm A G**  
That I was the coward one

**Bm A G A**  
It s never admirable when your father can t move on

**D A G**  
Well I never thought that you would slip inside

**A G**  
Your brothers unfaithful wife

**A Bm**  
While the children were down the stairs

**Bm A**  
I saw what you were doing

**G D A**  
And I wished that I had burnt that goddamn door

**Bm A G**  
Finding both of you on the floor

**Bm A G**  
Realizing your brides a whore

**Bm A G**  
Really takes an enormous toll

**A**

On your head

**D A G**  
Well I didn't think that you could craft this song

**A G**  
Sleeping with the devil and all

**A Bm**  
And I can hear you sing along

**G D A**  
And I wish I could've told the lord

**Bm A G**  
To sever me at the cord

**Bm A G A**  
Cause the moment I left I would never come back no more

**D A G**  
So I hope it actually ends for me this way

**A G**  
Cause tomorrow is another day

**A Bm**  
And I have to decide to stay or stay

**D A G**  
For now I'll keep my hands around this thing

**A G**  
And wait for an apostle to sing

**A Bm**  
You're never allowed to come in

**A G D**  
So just sink or swim
