C

[Verse]

C **F** **C**
It must have been a month since you last loved me
C **F** **G**
And I haven't slept a wink I hope you care
C **Am**
And I went to hell and back for half an hour
C **F** **G**
And started a staring contest with your man
Am **E**
And I was a cage, I was a cage, I was a cage
F **C** **G**
A cage to you, a cage to you
C **F** **C**
And it has to been a year since I was sober
C **F** **G**
And I made a point to pinch my skin again
C **F** **Am**
Its any minute now that I will wake you
C **F** **G**
Watching a woman sleep can get you scared
Am **E**
But I am a cage, I am a cage, I am a cage
F **C** **G**
Surrounding you, surrounding you
Am **E**
But I am afraid, I am afraid, God I m afraid
F **C** **G**
Of the truth, inside of you
C **F** **C**
I could use a friend to say they love me
C **F** **G**
But I m gonna make a sound you cant forget
C **F** **Am**
And afterwards I swore that I would harm you
