

What Now
Rihanna

[Verse]

G#m **B** **F#**
I ve been ignoring this big lump in my throat. I shouldn t be crying.
G#m
Tears were for the weaker days
B **F#**
I m stronger, now what, so I say, but something s missing

G#m
Whatever it is, it feels like
B **F#**
It s laughing at me through the glass of a two-sided mirror
G#m B **F#**
Whatever it is, it s just laughing at me, and I just wanna scream:

[Chorus]

F# G#m E
What now? I just can t figure it out
F# G#m E
What now? I guess I ll just wait it out
F# G#m E
What now?
F# G#m E
Whoa, what now?

[Verse]

G#m **B**
I found the one, he changed my life
F#
But was it me that changed
G#m
And he just happened to come at the right time
B **F#**
I m supposed to be in love, but I m numb again

G#m
Whatever it is, it feels like
B **F#**
It s laughing at me through the glass of a two-sided mirror
G#m B
Whatever it is, it s just sitting there,
F#

Laughing at me, and I just wanna scream:

[Chorus]

F# G#m E

What now? I just can't figure it out

F# G#m E

What now? I guess I'll just wait it out

F# G#m E

What now? Please tell me

F#m G#m E

What now?

[Bridge]

G#m B F#
There's no one to call cause I'm just playing games with them all

G#m B F# D#m
The more I swear I'm happy, the more that I'm feeling alone

G#m B
Cause I spent every hour just going through the motions

F# G#m
I can't even get the emotions to come out

B C# D# E
Dry as a bone, but I just wanna shout

[Chorus]

F# G#m E

What now? I just can't figure it out

F# G#m E

What now? I guess I'll just wait it out (wait it out)

F# G#m E

What now? Somebody tell me

F#m G#m E

What now?
