C **F**
there are worse ways for a guy to spend his time
G **Am**
than to sit and think of you I think I d marry you
F **G**
just your smile leaves me satisfied
C
though you re not mine

F
so for the rest of my life
G **C**
I m gonna search for someone just like you

and we tend the garden all day long
watching history unfold
and I d be enough and you d be enough
and we d grow up

so for the rest of my life
I m gonna search for someone just like you

for the rest of my life
I m gonna search for someone just like you
yeah, for the rest of my life
I m gonna search for someone just like you
