

Injection
Rise Against

G#m **E** **F#**
Do you spend your days counting the hours you re awake?
G#m **E**
F#
And when night covers the sky you find yourself doing the same
G#m **E** **F#**
It s a burden you ve been bearing in spite of all your prayers
G#m
As a light turns off inside your heart
E **F#**
Can you remember what it s like to care?
D#m **F#**
Knees are weak, hands are shaking, I can t breathe

G#m
So give me the drug, keep me alive
E
Give me what s left of my life
B **F#**
But let me go, whooaa
G#m
Pull this plug, let me breathe
E
On my own, I m finally free
B **F#**
And let me go, whooaa

G#m

G#m **E** **F#**
The trail of crumbs you left somehow got lost along the way
G#m **E** **F#**
If you never meant to leave then you only had to stay
G#m **E** **F#**
But the memories that haunt us are cherished just the same
G#m **E** **F#**
As the words that bring us closer to the sky
D#m **F#**
No matter how I pray that I fall through these clouds
Leaves me screaming....

G#m
So give me the drug, keep me alive
E
Give me what s left of my life
B **F#**
But let me go, whooaa

G#m

Pull this plug, let me breathe

E

On my own, I m finally free

B F#

And let me go, whooaa

G#m

E

This grip loosens but it never breaks

(NEVER BREAKS!)

F#

E

We carry nothing but a name you will forsake

G#m

E

Your words are always there to break my fall

(BREAK MY FALL!)

F#

E

And I might find the comfort to see through it all

G#m

E

Guide me through uncharted waters

F#

E

Before we lose our way again

G#m

E

F#

Will you be my compass until forever?

E

Until forever ends!?

D#m

F#

Knees are weak, hands are shaking, I can t breathe

G#m

So give me the drug, keep me alive

E

Give me what s left of my life

B

F#

But let me go, whooaa

G#m

Pull this plug, let me breathe

E

On my own, I m finally free

B

F#

To let me go, whooaa

(**G#m E B F#**)

So let me go, whooaa

So let me go, whooaa

G#m
