

**I Accuse My Parents**  
**Riverdales**

So, this is my first tab. I just learned it by ear like 5 minutes ago, but I'm pretty sure it's right.

Intro: **A, F, G** (x2)

**A** **F** **G**  
I accuse my parents for making me this way  
**A** **F** **G**  
Cause there's no where else I can point the blame  
**A** **F** **G**  
They told me I was gonna be okay  
**A** **F** **G** **G, D**  
I accuse my parents for making me this way

**A, F, G, D** (x2)

But then I was an inept social freak

They locked me up and threw away the key

The judge asked me if I had anything to say

I accuse my parents for making me this way

(Palm mute this last verse)

Now I'm all alone here in this cell

I think it's Saturday but I can't tell

What's this debt they say I gotta pay?

I accuse my parents for making me this way

**A, F, G, D**

**A** **F** **G** **D**  
I accuse my parents, I accuse them [x4]
