[Intro]

**B F#m C#m G#m F#m E**

[Verse 1]

**C#m**  
Nobody knows  
**G#m F#**  
Just why we re here  
**C#m**  
Could it be fate  
**G#m F#**  
Or random circumstance  
**C#m**  
At the right place  
**G#m F#**  
At the right time  
**E**  
Two roads intertwine

[Verse 2]

(same as verse 1)

And if the universe conspired  
To meld our lives  
To make us  
Fuel and fire  
Then know  
Where ever you will be  
So too shall I be

[Chorus]

**E**  
**B**  
Close your eyes  
**F#**  
Dry your tears

**C#m** **E**

Coz when nothing seems clear

**B**

You ll be safe here

**F#**

From the sheer weight

**C#m**

Of your doubts and fears

**E**

Weary heart

**B**

You ll be safe here

[Verse 3]

(same as verse 1)

Remember how we laughed

Until we cried

At the most stupid things

Like we were so high

But love was all that we were on

We belong

And though the world would

Never understand

This unlikely union

And why it still stands

Someday we will be set free.

Pray and believe

[Chorus]

**B** **F#**

When the light disappears

**C#m** **E**

And when this world s insincere

**B**

You ll be safe here

**F#** **C#m**

When nobody hears you scream

**E**

I ll scream with you

**B**

You ll be safe here

[Interlude]

**B** **F#** (bagsakan) **F#** **G#m** **A** **G#m** **Gm** **F#** **B**

[Verse 4]

(same as verse 1)

Save your eyes  
From your tears  
When everything s unclear  
You ll be safe here

From the sheer weight  
Of your doubts and fears  
Wounded heart

When the light disappears  
And when this world s insincere  
You ll be safe here

When nobody hears you scream  
I ll scream with you  
You ll be safe here

In my arms  
Through the long cold night  
Sleep tight  
You ll be safe here

When no one understands  
I ll believe  
You ll be safe,  
You ll be safe  
You ll be safe here  
Put your heart in my hands  
You ll be safe here
