## Beggars Guild Roadkill Ghost Choir Intro: G **D C** (x2) Em Oh put it on, take it off real quick on the bottom of the pile, I'm feelin sick. It never cross my mind, That my baby lied, no-To keep me in the beggar's guild. Em So I sleep all day and I dream all night with the bottle in my hand I take the devil's side. I smile real big just to keep it hid oh, the truth about my lack of will. Em Oh I run like hell from the city's glow I lose my name, I pass and forget the folks I used to know. If I go far away from the city gates and the long reach of the government. Em Oh all alone in a cold north scene, in the blue sky above a plane flew over me. The banner it pulled said "you were a fool,― "did you really think you'd ever win?― I'm taking off my dirty skin. There is nothing to refute my sin. Am G C

Em (x2)
Well the steep demands of the higher call
Oh you pawn off the world so the cars won't stall.
I ll burn my clothes and I ll gut my soul
and pretend that I was never born (ayyyyah yeah).
  Em
Oh my oh my, look what you have done
Split your head out on the floor like you're the chosen one.
I gave her my heart but she wanted no part
so I sold it to an antique store.

So I dug a hole four thousand miles down
To the center of the Earth where I will not be found.
Memories of the moon singing see you soon,
Though I was always partial to the sun.
     Em
I was picked up by two men of the law
They said we're taking you downtown, forget about your call.
Hell's no place for a wandering face
Go take it up with Beelzebub.
You laugh as you pull out the rug
I was never really much in love.
