

**Far And Wide**  
**Roadside Graves**

Artist: Roadside Graves  
Song: Far and Wide  
Album:

Tuning: Standard

Chords: **A D A - F#m E A**

There is a second guitar, an acoustic that plays the lead. It appears as though it is capoed on the second fret using the chords:

**G C G - Em D G**

Pretty simple song, it just repeats over and over. There are a lot of simple little leads, that I plan on adding later, but I usually never do. The chord changes aren't in the exact spot, but they are close, and it's a super simple rhythm.
