

Never Think
Rob Pattinson

Ok. I don't really know if it works for everyone, but it fits just fine for me,
at least
think this is the basics clear chords, without all those things Robert does,
those
and stuff.

If you want you can use C/B whether than G.

Verse 1

C G
Should never think
 Am G
What's in your heart
 F G
What's in our home
 Am G
So I won't

(And it goes on like this. Just changes in this part):

G **F**
It's the one thing that I know
 G **Am**
Once I put my coat on
 G **F**
And I know this is all wrong
 G
She's standing outside holding me
 Am **G F**
Saying "Oh please, I'm in love"
 G
I'm in love

(Then it goes back to the same chords as the first verse)

Hope have done something good. ;D
