Intro: **C#** (hold)

Verse 1:

```
         F#                          C#
Call on your angels, come down to the city

           G#                            C#
Crowd around the big tree, all you strangers who know me.

         F#                C#
Bring your compassion, your understanding,

           G#                           C#
Lord, how we need it on this New York City Christmas.

     G#           F#                   C#       F#  C#
And I m sending you a Merry New York Christmas

      G#                   F#                  C#     F#  C#
And a prayer for peace on Earth within our time.

           Bbm                        F#
Yeah, the sidewalk angels echo  Hallelujah ,

         C#                  G#
And we understand them, now more than ever.
```

Verse 2:

```
         F#                          C#
So call on your angels, you re beaten and broken

           G#                                    C#
It s time that we mend them, so they don t fade with the season

Let our mercy be the gifts we lay, from Brookland to Broadway,

         G#                                       C#
And celebrate, each and every day of this New York City Christmas.
