

Fifteen Minutes

Robbie Nevil

[Verse]

Bm **D**
Fade as the world goes by

G
Push you down between the lines

G
Wasting time

A **E**
So tired, watching everyone else get theirs

Bm **D**
Patience just keeps you waiting too long

G
I don't know who made the rules but they're wrong

G
Always them, never us

A **E**
Tell me when do we get what we got comin' cause

[Chorus]

Bm **D** **G**
I want my, I want my fifteen minutes

A **E**
Fifteen minutes of fame fame fame

Bm **D** **G**
Oh I need my, I need my fifteen minutes

A **E**
Fifteen minutes of fame fame fame fame

Bm **D**
Why can't I get mine too

G
I deserve it as much as they do

G
It's so cruel

A **E**
So tired, living outside the spotlight

Bm **D**
Patience just keeps you waiting too long

G
I don't know who made the rules but they're wrong

G
Always them, never us

A **E**
If we're supposed to get what we got comin' then

Bm **D** **G**

I want my, I want my fifteen minutes

A **E**

Fifteen minutes of fame fame fame

Bm **D** **G**

Oh I need my, I need my fifteen minutes

A **E**

Fifteen minutes of fame fame fame fame

I can t stay here any longer

A **E**

I can t wait or might fade away

Bm **D** **G**
