Molly was a girl in a new town, the new kid in a new school
   B         F#          C#          F#
A little bit nervous, a little bit shy,
               B                C#     F#
while all the other kids were crazy cool
          B          F#      C#      F#       B              C#         F#

            B         F#          C#          F#
She was the first one in line when the doors swung open
         B              C#    F#
All the other kids would be impressed
```

```
             B                 F#
And they said look at that, look at that
        C#                   F#

             B            F#            C#                   F#

At lunch Molly sat all by herself while all the other kids traded snacks
   B          F#         C#   F#                        B          C#
At recess she played all by herself while kids made fun of her behind her
F#
back
```

```
             B                 F#
And they said look at that, look at that
        C#                       F#
```
