I used to think about it when I was a little one all alone

Used to be so excited, so excited on my own

Used to be so excited, so excited in my home

E

You wouldnt believe it even if I told ya

Dsus2

This little girl with too much exposure

E

Big bad world, eyes black like a raven

Dsus2

I knew right then my soul needed saving

A5

You were way out of my league back then

Go anyway, be a man

A5

I am sixteen and I love you and Im standing on your step
