|This is tabbed from listening over and over to the |
|riff and song, so don t expect it to be exactly |
|accurate. The riff is really hard to play fluently |
|but when you can it sound real good. Any suggestions |

A A* (riff)

And I don t care anyway, gonna be nobody someday

I m the demon that you fear, I m the joker, I m the thief
I m the lonesome cowboy rider, I m the Indian cheif
Gotta watch my figure, boy if I get much bigger
They ll stick a pin in me and I ll blow away.
If I get richer, boy they ll take my picture
Taking my soul away,
Gonna be nobody someday

I m a moonlight serenade, I m your bed when you are cold.
I m the captain of titanic, I m thepassenger in the hold
And from the way I m thinking, we ll both be sinking
I knew b4 we sailed away
(Sorry he doesnt t sing this line so I don t know it)
From the tip of my ego
It s all you saw anyway
Gonna be nobody someday.
