

I m the demon that you fear, I m the joker, I m the thief  
I m the lonesome cowboy rider, I m the Indian cheif  
Gotta watch my figure, boy if I get much bigger  
They ll stick a pin in me and I ll blow away.  
If I get richer, boy they ll take my picture  
Taking my soul away,  
Gonna be nobody someday

I m a moonlight serenade, I m your bed when you are cold.  
I m the captain of titanic, I m thepassenger in the hold  
And from the way I m thinking, we ll both be sinking  
I knew b4 we sailed away  
(Sorry he doesnt t sing this line so I don t know it)  
From the tip of my ego  
It s all you saw anyway  
Gonna be nobody someday.
